

RISHABH RAJPOOT

Web Developer | Designer | Learner

About Me

I am an aspiring Software Engineer currently pursuing a B.Tech from Noida Institute of Engineering and Technology.

I have a strong interest in software development and a passion for building impactful digital solutions. My academic background has equipped me with a solid foundation in programming and problem-solving.

I am always eager to learn new technologies and enhance my technical skills.

Adaptability and a strong work ethic drive me to take on new challenges with confidence.

I value collaboration and enjoy working on projects that encourage innovation and growth.

With a continuous learning mindset, I strive to stay updated with industry trends and best practices.

My goal is to contribute meaningfully to the tech industry and grow as a skilled and responsible professional.

Skills

• Java • C • Python • HTML • CSS • JavaScript

Projects

- **Railway Management System:-**

Simulates railway operations including ticket reservation, cancellation, and inquiries. Applied core Java principles to automate and manage railway services efficiently.

- **Bank Management System:-**

Implements core banking operations such as deposits, withdrawals, fund transfers, and account updates. Demonstrates structured, secure programming using Python OOP concepts.

- **Portfolio Website:-**

Clean and responsive personal website showcasing skills, projects, and contact information. Highlights both technical proficiency and personal branding.
